Education

BSc in Computer Science & Engineering
Independent University, Bangladesh (IUB)
2020-2025
CGPA-2.87 out of 4

Higher Secondary Certificate
Viqarunnisa Noon School & College
2018
GPA -4.75 out of 5

Higher Secondary Certificate
Viqarunnisa Noon School & College
2016
GPA -5.00 out of 5

Language

English – Intermediate
Bangla – Native
Hindi - Basic

Noushin Binte Islam Ananna

About me

Computer Science graduate seeking an opportunity in the IT industry to apply my knowledge of web technologies, problem solving and programming skills. I build responsive, interactive web applications with HTML, CSS, JavaScript and React, and have hands-on experience with PHP and MySQL from an internship. I am growing toward full-stack development by learning continuously and delivering real-world projects.

Skills:

- **Programming Languages:** C++, Python, JavaScript, PHP
- **Web Technologies (Frontend):** HTML5, CSS3, JavaScript, React.js, React Router, Bootstrap, Tailwind CSS
- **Backend & Database:** Node.js, PHP, MySQL, phpMyAdmin
- **APIs & Data:** REST API integration, APIs, JSON (Basic)
- **Tools & Version Control:** Git & GitHub, Vercel, XAMPP
- **Platforms & IDEs:** Visual Studio, VS Code, Android Studio, CodeBlocks, NetBeans, Notepad++
- **Design & Productivity Tools:** Figma, Pixso, Canva, Milanote, Notion
- **Soft Skills:** Team Collaboration, Creative Problem-solving, Adaptability, Agile Learning.

Key Projects

Movie Explorer
React, JavaScript, Vite, Tailwind CSS, TVMaze API
- Responsive app to browse TV shows, search by title with debounced live search, and open a details modal (closes with button, Esc or backdrop click). Single column on mobile up to a 4-column grid on desktop.

Live demo

Organic Food Shop
HTML, CSS, JavaScript
- Responsive e-commerce site for organic products with clean navigation, a modern UI and Cash on Delivery and bKash payment options shown in the design.

Live demo | GitHub

GitHub Issues Tracker
HTML, Tailwind CSS, JavaScript
- Interactive issue tracker built with DOM manipulation and event handling: all, open and closed filters, popup modals and a sign-up page.

Live Demo | GitHub Repo

Job Application Tracker
HTML, Tailwind CSS, JavaScript

- Tracks total applications with accepted and rejected counts and interactive status management.

GitHub | Job Application Tracker

Focus Tracker
HTML, CSS, Tailwind CSS

- Personal productivity app to track focus sessions and understand productivity patterns.

Live demo

Carbon Footprint Tracker
HTML, CSS, PHP, MySQL

- Database Management Systems project where users track daily habits and receive personalized tips to reduce their carbon footprint.

GitHub

Foundational web pages
HTML, CSS

TechWave and Knowledge Vault: responsive coursework pages from a web development course.

TechWave | Knowledge Vault

Experience:

Junior Web Developer Intern, Cyber-Hundred
Project: Employee Monitoring System (PHP, MySQL, HTML, CSS, JavaScript)

- Designed and developed a system that lets admins monitor employee details, review submitted projects and pending tasks, manage salaries and track leave.
- Built web interfaces with HTML, CSS and JavaScript, backed by PHP and a MySQL database.

GitHub repository

Certification:

- Accomplished a Bootcamp on "**Complete Web Development Course"** by **Programing Hero.**
- **CCNAv7**: Introduction to Networks by **Cisco Networking Academy**
